TRANSIT GOODS LICENSE 2018 EXTENDED TO END OF FEBRUARY 2019

In recent times, the KTA Secretariat has been pushing for the extension of the use of Transit Goods License 2018 as there was an unforeseen delay in the issuance of the 2019 License.

This led to communication by the Secretariat to Kenya Revenue Authority on the same in January which extended the use of the 2018 License up until 2nd February, and when it spilled over to

February the same had to be made with KRA issuing a notice of this being the last extension up until 4th March.

This allowed time for KTA Members to obtain Transit Good Licenses for 2019, the communication with Kenya Revenue Authority (KRA) has trickled to the other Authorities: Uganda Revenue Authority (URA), Rwanda Revenue Authority (RRA) and Tanzania Revenue Authority (TRA).

2019 GIFT TO THE SECRETARIAT

KENHA FORUM ON 20.8KM NYALI BRIDGE - KWA KADZENGO SECTION

KENHA organised one of many stakeholder forums on the Dualling of the Nyali Bridge (0 +0 Km) through Bombolulu, Bamburi, Shanzu, Mtwapa and Kwa Kadzengo (20 +760 km) Section of Road A6, a trunk road linking Lamu to Lunga Lunga on the Kenyan Side and a corridor transiting all the way to Mozambique on the South Of Tanzania.

The meeting was held at Mombasa Beach Hotel where other stake holders were invited and views aired. One of the points raised by KTA was the current positioning of the Weighbridge. This was a factor to consider during development and its importance to the Transporters operating in the quarries servicing the cement factories among others around the area.

BI-MONTHLY BOARD MEETINGS

Renewed and concerted efforts are made towards empowering the secretariat and having a decisive and efficient decision making process.

This is evident with the hands on approach that the Board has taken in being a part of operations at The Secretariat.
